AGREEMENT
between
BURLINGTON NORTHERN INC.
and its employees represented by
UNITED TRANSPORTATION UNION
(E Division)
on the lines of
GREAT NORTHERN RAILWAY COMPANY
NORTHERN PACIFIC RAILWAY COMPANY
CHICAGO, BURLINGTON AND QUINCY RAILROAD COMPANY
SPOKANE, PORTLAND AND SEATTLE RAILWAY COMPANY
PACIFIC COAST RAILROAD COMPANY

Inasmuch as the United Transportation Union (E Division) consolidated seniority rosters are prepared in accordance with Article I, Section (3) of Implementing Agreement #1, dated January 15, 1968,

IT IS AGREED:

Whenever there is subsequently a reduction in the working lists of engineers in a particular zone, and there is a discrepancy in seniority sequence of individuals as shown on the respective rosters of firemen and engineers -- the employees in that zone on the seniority rosters as drawn up by the firemen's organization, who are the senior firemen on such rosters working as engineers, will be reduced from the engineers' working lists, after the usual process of displacements. Likewise, where there is an increase in engineers' working lists, then the seniority rosters as drawn up by the firemen's organization will also be used to determine the employees who are to be added thereto.

Similarly, in respect to filling a vacancy as engineer, when the engineers' extra list is exhausted and the applicable schedule rule provides for filling such vacancies by use of the senior available demoted engineer, the seniority rosters as drawn up by the firemen's organization will also then determine the demoted engineer who stands therefor.

Signed at St. Paul, Minnesota, this 26th day of February, 1970.

FOR UNITED TRANSPORTATION UNION:

FOR BURLINGTON NORTHERN INC.

A. M. Strommen
General Chairman - Great Northern

J. C. De Busto
Vice President-Labor Relations

H. E. Kettner
General Chairman - Northern Pacific

H. E. Smith
General Chairman - CB&Q

APPROVED:
H. G. Kenyon
Vice President
United Transportation Union

C. E. Sinclair
General Chairman - SP&S

AGREEMENT
 between
 BURLINGTON NORTHERN INC.
 and its employes represented by
 the
 BROTHERHOOD OF LOCOMOTIVE ENGINEERS
 on the Lines of
 GREAT NORTHERN RAILWAY COMPANY
 NORTHERN PACIFIC RAILWAY COMPANY
 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY
 SPOKANE, PORTLAND AND SEATTLE RAILWAY COMPANY

1. In pursuance of provisions of Agreement dated September 13, 1966 between these parties, the General Committees of the BLE have proposed that the existing component lines' seniority rosters for engineers be consolidated on the following basis for the new seniority districts:

<u>New Seniority District</u>	<u>Basis for Consolidation</u>
Lake Superior No. 1)	Consolidated seniority equities per Attachment B of Implementing Agreement No. 1 dated January 21, 1966.
Minnesota No. 2)	
Montana-Dakota No. 3)	
Rocky Mountain No. 4)	Dovetailed on basis of hiring date.
Pacific No. 5)	

2. The General Committees have also proposed that on Rocky Mountain No. 4 and Pacific No. 5 Seniority Districts, protected engineers will not be permitted to exercise their seniority outside of their former seniority district so long as they can hold a job in the same class of road service or in the same starting time bracket in yard service that they held on the day preceding "M" Day. Furthermore, the former SP&S engineers will continue to exercise their pre-existing prior rights except when they can no longer hold a job in such prior rights territory. The application of Item 2 will cease two years after "M" Day unless the parties reach agreement providing otherwise.

3. The carriers, parties hereto, accept the organization's proposals subject to the following understandings:

4. Whenever there is subsequently a reduction in the working lists of engineers in a particular zone, and there is a discrepancy in seniority sequence of individuals as shown on the respective rosters -- the employees in that zone on the seniority rosters as drawn up by the firemen's organization, who are the senior firemen on such rosters working as engineers, will be reduced from the engineers' working lists, after the usual process of displacements. Likewise, where there is an increase in engineers' working lists, then the seniority rosters as drawn up by the firemen's organization will also be used to determine the employees who are to be added thereto.

Similarly, in respect to filling a vacancy as engineer, when the engineers' extra list is exhausted and the applicable schedule rule provides for filling such vacancies by use of the senior available demoted engineer, the seniority rosters as drawn up by the firemen's organization will also then determine the demoted engineer who stands therefor.

5. It is understood that the seniority arrangement resulting from the provisions of this agreement shall not operate so as to constitute a basis for a claim for payment of a make-up differential in "guaranteed monthly earnings" if a protected employee does not exercise his seniority to take highest paid job in pursuance of section 3(b) of Merger Protective Agreement of March 29, 1965.

Signed at St. Paul, Minnesota, this 19th day of February, 1970
